## **Capability Enhancement and Development Schemes**

**2018-19**

### **Remedial Coaching**

Vision:

Empowering and to boost slow and average learners to keep pace with academics

Mission:

- To bring slow learners together with advance learners
- To give special attention to the problems of slow learners.
- To improve academic performance of the slow learners.

Key points

- More than 250+ students benefited every year
- Experience and well qualified staff
- Special attention towards weak and slow learner to improve their academic performance
- Positive impact of remedial coaching shows in semester examination
- Study material availability
- Number of subject cover under remedial coaching in which students struggle a lot.
- Sparing two days per experiment at beginning of the year to accommodate slow learners and to enhance confidence of the students in general.
- Circulation of ingeniously developed practical work-books.
- Explaining detailed theory and applications related to the experiments at beginning of the practical session by effectively using ICT.
- Emphasis on demonstration of experiments in laboratory.
- Live demonstration of table-top experiments.
- Preparing and presenting video clips related to different topics like adjustments of instruments, some demo experiments etc.
