Policy for Inclusion of Students with Disabilities

Procedures adopted for disabled friendly, barrier free environment

1. Physical facilities like rails and wheelchairs.
2. Though there are physical facilities like rails and wheelchairs, as far as possible ground level rooms are allotted to their classes.
3. The office staff members accomplish the official works of these students on priority basis.
4. The respective heads and vice principals pay special attention to their needs and keep their parents well informed about the progress or problems of their wards.
5. To help them get rid of their inferiority complex or the sense of fear or insecurity if any, they are motivated and helped to participate in functions.
6. As such physically disabled persons very often suffer from psychological problems as well, they are allowed, if necessary to rest and study in any common room of their sex as well as any classroom they like, so that they should not have a feeling of discrimination.
7. Human assistance in form of reader, scribe, soft copies of reading material, etc. is provided as per the demand by Divyang students.
